

Association of Santa Monica Bay Yacht Clubs  
HIGH POINT SERIES  
Conditions and Rules, 2009 Season

**Description:** The annual Series consists of 16 races, eight each at King Harbor, and at Marina del Rey. The Organizing Authority is the Association of Santa Monica Bay Yacht Clubs.

The individual races are hosted by member yacht clubs of the Association. The Notices of Race, Sailing Instructions, and fees are issued and specified by the host Clubs.

All of the scheduled High Point Series events include PHRF classes, and some may include one-design classes, "Cruiser" or "Mariner" classes. When a High Point event includes multiple races, the High Point race is the second race of the day.

**Eligibility:** An **entrant** in the High Point Series is an individual who is named in the results document of the race.

**Scoring Each Race:** The entrant's score in each High Point event will be computed depending on his position in the scoring and on the number of boats sailing in his class. The **score** will be: **((the number of boats beaten plus one), divided by the number of boats that started in the class), multiplied by 100, and rounded to the nearest integer.** A score of DNF, OCS, DSQ, and RET will establish participation in an event

When an entrant is sailing in a race at other than the entrant's "home harbor" his score for that race will be increased to 125 percent of the score calculated above. This increase applies only to boats berthed in a harbor in Santa Monica Bay.

**Final Score:** The total of an entrant's **best six** scores is the basis for prizes.

**Prizes:** Two Perpetual trophies are to be properly engraved, and awarded at the ASMBYC annual Installation Dinner, usually held in January of the year following the Series.

**The Perpetual Trophies are:**

**The High Point Championship Trophy** shall be awarded to the entrant having the highest score as computed above.

**The Home Harbor Trophy** shall be awarded to the entrant who normally sails from the other harbor than that of the recipient of the High Point Championship Trophy, and has the highest score among those based at his home harbor.

---

NOTE: The above Conditions should be placed on the ASMBYC Web, together with the current scores.

The Year 2009 ASMBYC booklet should contain a reference to this Conditions document, together with the <http://www.asmbyc.org> address.
